MSc Banking and Digital Finance candidate at UCL with experience in treasury portfolio analysis, DCF valuation and financial-statement analysis, combining finance fundamentals with constraint-based financial decision-making.

EDUCATION

MSc Banking and Digital Finance — University College London (UCL) *Sep 2025 – Sep 2026 (expected)*
BSc Finance — Nanjing Agricultural University (NAU) *Sep 2021 – Jun 2025*
GPA: 90.42/100 (3.85/4.5) — Top 13% of cohort

RELEVANT TREASURY & FINANCE PROJECTS

Corporate Treasury Reserve Portfolio — Unilever (£500m) — Group project | *Treasury & Fixed Income*

- Contributed to designing a £500m corporate treasury reserve for Unilever, balancing capital preservation, liquidity, duration and yield within defined treasury constraints.
- Helped define eligible asset classes across cash, money-market funds, UK Treasury Bills, Gilts, supranational bonds and corporate credit; translated treasury objectives into duration, credit-rating, concentration and FX constraints, and collected and cleaned Bloomberg yield and duration data.
- Co-authored the portfolio methodology and cross-checked the final allocation (4.05% expected yield; 0.65-year duration) against a teammate's stress-testing results, confirming compliance with treasury-policy constraints under a severe combined scenario (-1.16%).

Equity Valuation & Investment Recommendation — Hindustan Unilever — Group project — independent DCF ownership | *Corporate Finance & Asset Pricing*

- Independently built a complete DCF model using historical FCF, five-year forecasts and terminal-value assumptions to derive enterprise value and implied equity value per share against the ₹2,300 market price.
- Reviewed and validated the data underlying the team's DDM and comparable-company valuations, and co-authored the final Hold recommendation integrating all three valuation methods.

PROFESSIONAL EXPERIENCE

Audit Intern — KPMG — Audit Department *Jan 2025*

- Cross-checked audit report figures against supporting financial data, verifying consistency across client records and audit documentation.
- Conducted sample testing across two client engagements, reviewing ledgers, contracts, invoices and bank receipts to confirm transaction accuracy and completeness of evidence, and supported the preparation and review of financial statements.

Finance & Audit Assistant — Shandong Qirun Accounting Firm *Jan 2024 – Feb 2024*

- Reviewed accounting vouchers and prepared ledgers and financial statements for 10 SME clients, supporting tax reconciliation and audit procedures under reporting deadlines.

Equity Research Assistant — Huachuang Securities — Consumer/Liquor Sector *Sep 2024 – Jan 2025*

- Independently analysed the fundamentals, market positioning and ownership structure of six listed companies within ongoing coverage of 13 firms, contributing to cross-market industry and company research.

ADDITIONAL PROJECT

AI-Driven Equity Research Agent — NVIDIA: Independently built a fundamental-analysis framework combining a 12+ metric ratio engine with DCF and comparable-company valuation against five semiconductor peers.
